

THIS SOUND
CHANGES
EVERYTHING

WIDEX MOMENT™

THIS SOUND CHANGES EVERYTHING

HEARING LIKE YOU REMEMBER

Even a great hearing aid has always sounded like a hearing aid - until now. The WIDEX **MOMENT**™ is different. It changes the game by delivering the most pure and natural sound ever — tailor-made for your individual hearing needs.

Plus, by providing a more customized sound, WIDEX **MOMENT**™ lets you hear every moment like you used to — naturally.

PEOPLE **LOVE** THE SOUND

Are you tired of hearing aid “revolutions” that no one can actually hear? We are. That’s why WIDEX **MOMENT™** is different. It makes a real difference to how you hear in real life.

Tests show that a large majority of both new and experienced users prefer the new Widex **PureSound™** in WIDEX **MOMENT™** across different sound scenarios. Add this to the ability to effortlessly personalize the way you hear, and you have a hearing aid that will give you pure and natural sound like you’ve never heard before.

STREAM FROM **ALL YOUR DEVICES**

We've upgraded the 2.4 GHz Bluetooth connectivity in WIDEX **MOMENT™** so that you can stream from iOS and other accessories.* It's also prepared for future connections with select Android devices. So, now you're prepared for all of the streaming entertainment the world has to offer, in the highest quality possible.

* Prepared for future connections with TV PLAY.

BUILT TO LAST

WIDEX **MOMENT**[™] is designed for maximum moisture resistance and long life — because less corrosion means more durability.

You'll welcome the advanced water-resistant nano coating to resist moisture. Our rechargeable option has no battery door, so there are fewer gaps for moisture to sneak into.

RECHARGEABILITY IS NOW **DISCREET**

Convenience is discreet with WIDEX **MOMENT**[™]. Although the mRIC R D model is the market's smallest rechargeable receiver-in-canal hearing aid, you can rest easy knowing you'll have all the power you need to hear every moment.

No more struggling with hearing aid batteries — just a slim, simple charger that fits your life.

CONTROL YOUR HEARING

With WIDEX **MOMENT™**, you have the option to control your hearing aid using the WIDEX **MOMENT™** app on your Apple or Android smartphone.* It's never been easier, more discreet, or more intuitive to fine-tune your hearing, so you get exactly the sound you prefer in the moments that are most important to you.

* The WIDEX **MOMENT™** app works with the following WIDEX **MOMENT™** models: mRIC R D (MRR2D) and RIC 312 D (MRB2D). All other models use the WIDEX **TONELINK™** app to control key functions.
